

# ETICHETTE ECOLOGICHE

## ISO 14001

La protezione dell'ambiente attendibile è parte fissa di ogni cultura aziendale orientata al successo sostenibile. La norma ISO 14001 definisce a livello mondiale criteri validi per sistemi di gestione dell'ambiente efficienti.

Bauwerk Parquet è certificato dal 2001 senza interruzione ISO 14001 e ha ancorato gli aspetti rilevanti per l'ambiente alla sua strategia aziendale e nella politica ambientale e della sicurezza. L'agire secondo questa norma dispone, tra l'altro, il lavoro quotidiano riguardo all'attenzione per e il risparmio delle risorse.

[www.sgs.ch](http://www.sgs.ch)

## FSC®

I prodotti che esibiscono il marchio merceologico FSC, contengono legno proveniente da boschi gestiti in modo esemplare. La certificazione dei boschi e delle imprese lavoratrici avviene secondo gli standard e le direttive del Forest Stewardship Council.

Bauwerk Parquet è certificato 2003 senza interruzione secondo lo standard FSC-Chain of Custody (FSC-STD-40-004) e lo standard FSC Chain-of-Custody Multisite (FSC-STD 40-003). Vengono acquistati molti più materiali provvisti di una certificazione FSC di quelli dichiarati da Bauwerk nel proprio listino prezzi. La strategia della sostenibilità sostiene il continuo ampliamento del portafoglio certificato FSC della Bauwerk Parquet SA.

[www.fsc.org](http://www.fsc.org)

## Real Wood

Il marchio «Real Wood» vi assicura che si tratta di un pavimento con vero legno e non di un pavimento in laminato con decorazione a legno. Da Bauwerk tutti i prodotti di parquet sono di vero legno.

[www.realwood.eu](http://www.realwood.eu)

## Eco-Institut

Eco-INSTITUT esamina e valuta i prodotti poco inquinanti e a basse emissioni per insignirli del marchio eco-INSTITUT. I criteri della verifica vanno ben oltre i requisiti legali vigenti in materia. I prodotti certificati ovvero i relativi componenti devono essere tossicologicamente innocui e il più ecocompatibili possibile.

[www.eco-institut.de](http://www.eco-institut.de)

## Protezione del clima volontaria ed efficienza energetica

La Bauwerk Parquet SA si impegna per convinzione per la protezione del clima sostenibile. Il certificato dell'Agenzia dell'energia per l'economia (AEnEC) dimostra gli sforzi dell'impresa per raggiungere l'ottimizzazione dell'energia e il risparmio ricorrendo a un vasto catalogo di misure. La conciliazione dei traguardi stilata è riconosciuta dalla Confederazione, dai Cantoni e dai partner dell'economia ed è rapportata annualmente alla Confederazione.

Presso Bauwerk Parquet, l'intero fabbisogno di calore e vapore per il riscaldamento e l'essiccazione del legno nella sede di St. Margrethen è prodotto in modo neutrale per il CO2. L'energia utilizzata sotto forma di corrente elettrica è come è stato provato in regresso, cosa da ricondurre alle misure di risparmio e ottimizzazione definite.
